## PROFILE SUMMARY

Web Designer and Frontend Developer with 1.5+ years of experience delivering responsive, business-ready websites using HTML5, CSS3, JavaScript, Bootstrap, and WordPress. Proven ability to take a project from wireframe to live deployment — designing user-friendly layouts, building cross-browser-compatible interfaces, and maintaining sites post-launch. Seeking a full-time Frontend Developer / Web Designer role where I can apply my design-to-code skill set, contribute to a product or client team from day one, and continue building toward advanced frontend frameworks.

## EXPERIENCE

### Web Developer / Web Designer — *Web Bridge Services*

Nov 2024 – Jul 2025 | Haridwar, Uttarakhand

- Developed responsive, user-friendly web interfaces using HTML, CSS, JavaScript, and Bootstrap for multiple client projects.
- Implemented page layouts and interactive UI features that improved usability and time-on-page.
- Ensured cross-browser compatibility and mobile responsiveness across all delivered websites.
- Debugged, tested, and optimized site performance ahead of client handover.

### Digital Marketing Executive — *Engagemint Digital*

Nov 2025 – Jan 2026 | Haridwar, Uttarakhand

- Combined web maintenance work with digital marketing campaigns, keeping the company's own website ([engagemintdigital.com](#)) updated alongside ad and content initiatives.
- Planned and executed promotional campaigns to grow brand visibility and monitored performance to guide optimization.
- Collaborated cross-functionally with the marketing team to align initiatives with business goals.

### Web Designing — Intern — *Bharat Skills Development Centre*

Feb 2024 – Aug 2024 | Haridwar, Uttarakhand

- Built responsive web pages using HTML, CSS, JavaScript, and Bootstrap under senior developer guidance.
- Assisted in design, development, and maintenance of live web applications; supported testing and debugging.

## PROJECTS

### Engagemint Digital Website — [engagemintdigital.com](#)
